

Welcome to the Parent Student Portal!

Parents are required to track the last assignment completed each week in the Portal Activity Learning Log. The Elementary deadline to submit is Tuesdays by 5:00 p.m. while the High School deadline is Thursdays at 5:00 p.m. Only the one day needs to be completed each week. To accomplish this, we ask that you use the Parent Student Portal Activity Logs.

- To access the parent student portal, please use the link given to you along with your username and password or go to <https://lavida.parentstudentportal.com> from any web browser.
- When you first login, you will be required to change your password. Make sure to follow the directions on the login page to make sure your new password is secure. Please store your login credentials in a safe place.
- After accessing the portal, click the Activity Log for your student(s). On Tuesdays (for elementary students) or Thursdays (for high school students), type in the last assignment completed in each subject to this date. Click the **SAVE CHANGES** button.

When you've completed the log, click the **Grades & Comments**

For each subject, attach a work sample.

- Click the **View Assignments** button for the first class

- You do not need to leave a message but you can by typing into the box. Then use the **Send Message** button.

- After you send the message, the system will return to the main class page. Choose the next class at the top of the page. The page will update. Repeat the process of uploading a sample for each class subject. English and Math are the two classes required for showing weekly proof of progress. Other classes do not need to be uploaded each week. However, all work must be presented at the biweekly or monthly EC meeting.

You may review assignments for any class that you have taken by selected a schoolyear, period (e.g. semester), and class. You may also review messages your teacher has attached to assignments and send messages (such as homework) to your teacher for a particular assignment. A grade of 'NA' indicates that the assignment has not been assessed.
